

Safety Rules for 5280 Jumpers llc Lessees

**CHILDREN MUST BE SUPERVISED AT ALL TIMES.**

Please read this list to all children using the Bounce House.

**SPECIFIC RULES TO FOLLOW:**

- Bounce house must be supervised by an adult at all times during operation
- Compatible age groups must play on unit at the same time. Age groups must not be mixed. Different sized children must not be mixed.
- The Bounce House is designed for children and is not recommended for use by adults. Bouncers should not sit or lay down while others are bouncing around them, as a jumping child could fall down on top of a sitting or lying child.
- The maximum number of children allowed in the standard 13 X 13 Bounce House is:
  - Ages 2 to 8 .....8 children maximum
  - Ages 9 to 13 .....6 children maximum
  - Ages 14 to 17 .....4 children maximum
- All persons must remove shoes, glasses, jewelry, badges and anything else that may harm the Bounce House or other users of the Bounce House or anyone in door around the Bounce House. All bouncers must empty their pockets before entering the Bounce House.
- No flips, somersaults or horseplay. Do not run and/or bounce against the walls. Do not run or jump through the door of the Bounce House. Do not climb or hang from the interior or exterior of the Bounce House.
- No food, drink or chewing gum inside or near (within 10 feet) of the Bounce House. If this occurs there will be a **\$50.00 cleaning fee charge** to clean food and drink residue from the Bounce House.
- No water should be put on the Bounce house or a **\$70.00 fee** will be due. Most Bounce houses are not made to get wet. (Exception is for a specifically rented wet bounce house).
- No face paints, party poppers, colored streamers or silly string to be used either on or near the Inflatable. These products damage the vinyl. You will be charged for all repairs required from this damage.
- Keep all pets, toys, BBQ's, and smoking away from Bounce House. You will be charged for all repairs or replacement required from this damage.
- Please do not tape or fasten anything to the Bounce House.
- Do not use the Bounce House during rain. The jump surface is very slippery when wet. If during operation the wind becomes excessive (25mph), remove all bouncers and deflate the Bounce House.

**SHOULD THE BOUNCE HOUSE BEGIN TO DEFLATE:**

- If the motor has stopped - check the cord connection at the outlet and at the motor. Remember use of more than one extension cord can trip the circuit breaker.
- If the Bounce House starts to deflate - check the air intake on the side of the motor for blockage. Check both tubes on the back of the Bounce House for snugness and retie if necessary.
- If the Bounce House stakes come loose, pull the corner back and re-stake.
- Should the Bounce House deflate, or if you experience any other problems with the equipment, please call 5280 Jumpers llc representative at the following phone number 303-596-9739 before allowing or engaging in further use of the bounce house.
